

LARGE SCALE PIGGERY ADVENTURE IN SOUTH AFRICA

Exciting opportunity, in South Africa, for a COO and a production manager.

Be part of a new large-scale investment, which will give the right candidates interesting and thrilling experiences in one of the worlds key emerging markets.

Are you looking to be challenged as well as growing your experiences?

Then this might be the right opportunity for you. Steynsburg Pork & Abattoir is a completely new green field project creating a full line pig production of 4,800 sows. The project includes a new on site feedmill.

The project also construct its own new abattoir to service the fast growing South African market.

The local area presents plenty of opportunities for individuals and families to explore the wonderful experiences that South Africa offers. At your doorstep lies the ancient mountain chain, The Drakensberg, dividing South Africa from Lesotho.

CHIEF OPERATING

You will be part of the management team. Working closely with the CEO you will be fully responsible for the overall management and strategic development of the pig production. It's therefore required that you have experience from large scale pig production. As the position carries large strategic and managerial responsibilities this position will be of high value in your future career path.

We offer personal and professional development. We expect the person to re-locate to South Africa for a minimum period of 2-3 years.

PRODUCT ION

You will be responsible for managing 4,800 sows full line in a newly developed world class facility. You will manage several employees, who do not have the same basic agricultural training as in Europe.

It is therefore imperative that you are able to teach, train and motivate your staff.

You will Interact closely with the CEO and the COO. As the position carries tactical and managerial responsibility this position will be valuable in your future career path. We expect the right candidate has experience in optimizing production and procedures.

We expect the person to re-locate to South Africa for a minimum period of 2-3 years.
