

CURRICULUM VITAE OF PIOTR WŁÓDARCZAK

Name: Piotr Włodarczak

Email: piotras6@wp.pl

Phone: 660 757 495

Address: Głogowska st. 115 A/ 8 Poznań 60-266 POLAND

UNIVERSITY OF LIFE SCIENCE, POZNAŃ, POLAND - GRADUATED 1991

Master of Animal Science - animal husbandry engineer

1992 – 1994

Heat Power Engineering Company in Poznań – I worked as a specialist in ds. customer service and also in team improving company program to detect failure of the heat network

1995 – 2002

DANMIS company in Poznań – I created with friend and other Associates first big company in Poland producing goat's milk in powder, granulated, and whole goat's milk sterilized – called UHT – in cartons 0,5 litre. I was one of the owners of the company (25% shares) and one of the Board – vice president ds. marketing and trade, kept good relationships with our customers on polish market, we built whole commercial chain for our products. We strongly cooperated with French company „CANDIA” in Poland. In 2002 I sold my shares and left. Goat's products invented and created by me could be found at almost all shopping malls in Poland.

2002 – 2005

Agency of Restructurization and Modernization of Agriculture – I cooperated as own business in the field of tagging polish cattle before coming Poland into UE family and getting polish farmers ready to work in new terms after connection Poland with UE community. Also, I did control of holdings in the field of area payments for agriculture (more than 7.500 farmers, I hired 220 people for this project).

2006 – 2007

Smithfield Food Company → MURPHY BROWN llc in North Carolina U.S.A

I started my job on sow farm in the USA, I became a HOD and of breeding department on sow farm: Squire (3.500 sows) and Lisbon-2 (3.000 sows), I achieved Certificate of Breeding and Farrowing Technician in 2006. Every week I had to meet all company criterias and targets. I know very well american way of production.

2007 – present

AGRI PLUS – polish part of Smithfield Food Company, I came back to Poland and was a manager of sow farm (6.500 sows with 45 Employees) and also service – manager, adviser to the managment, obeying company rules on sow farms but owned by our cooperators (farmers, companies with contract). In 2012 I became a manager of Finishing Farm with 7.800 swines. I am still adviser for other farmers and cooperate with AGRICON company and take part in his team whose is supervising how to built barns for animales, around the world.
