Turkey is a very large agricultural country, and the interest in making production more efficient is great. Therefore, substantial subsidies are granted for the establishment and modernization of agricultural enterprises - in particular, cattle herds.

The tour is arranged on the initiative of and in a collaboration with H. Rahmi Dogan.

Dogan was born in Turkey, but moved to Denmark in 1969, and have lived here since. He is exporting cattle from Denmark and to a significant extent to Turkey.

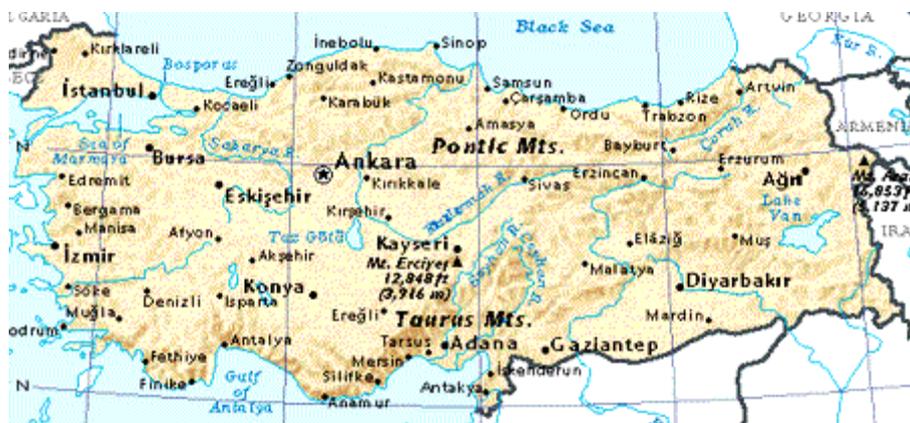

At DFA's conference in Brædstrup on January 10th, he presented his investment project at one of the evening's network meetings. There was great interest in hearing about this and

about the opportunities in Turkey. It is the project that he now wants make clear by a visit to the country.

The price for the trip is estimated at **DKK 6,500** including hotel and meals and flight ticket from Copenhagen. (Supplement for flights from Billund). Beverage are not included in the price.

More information and registration to the undersigned or H. Rahmi Dogan at mobile +45 503 6 1440 or r.dogan@sol.dk

Registration as soon as possible and no later than May 8, 2019.

Med venlig hilsen / Kind regards
