GOAL

WORKING EXPERIENCE

SALES REPRESENTATIVE AND ADVISOR 2017-

SELLING AMINO ACIDS FOR AGRICULTURAL USES.
PRIVATE AGRONOMIST CONSULTANCY FOR FARMERS.

MANAGER AT MALBORK AGRO, POLAND 2014-2017

Farm management with a staff of 11 employees on a daily basis.

Financial planning, controlling and execution.

Cashflow analysis and management.

Providing on-farm purchase of cereals and rape seed from surrounding farmers.

Getting EU grant to build 19.000 Mt grain storage facility.

Expansion of the arable area from 1.250 Hectares till 2.350 Hectares.

In the season 2017, I grew the highest yields/ Hectare in the entire 10 year history for the company.

I used GPS based Strip-till technology on the whole farm.

(Trimble, AG-leader, John Deere, Horsch)

DIREKTOR AT HAAKED, POLAND.

2005-2014

Daily management of a staff of 6 employees in Poland and 110 in Denmark. Starting the farm from 10 and ending at 550 Hectares.

With vegetables on 40 hectares of them.

-(Implementation of precision farming Trimble, Topcon).

In Denmark we were active as contractors and subcontractors in forestry (planting and wild life conservation) and farming.

COUNTRY MANAGER AT UAB FURFARM.LT, LITHURANIA.

2011-2013

Daily management of a staff of 200 employees on 2 mink farms. One of them where build from the beginning.

Cash flow management and reporting to the owners.

During the 24 months of my time- limited contract, I built the biggest Mink farm in Europe. In April 2013, The farm was handed over as a turnkey project, with 120.000 pregnant female minks and 65 workers trained to operate the farm.

My **great Passion** is farming and contact with other people.
