

Russia Baltic Pork Invest Group is a large pig-breeding holding company combining modern Danish technologies in the field of agriculture for the production of healthy and high-quality pork in Russia. We are located in Kaliningrad and Nizhny Novgorod regions, comprising 5 pig production complexes and 26 000 ha lands and have more than 1000 employees.

RBPI Group is searching for a **Senior Crop Manager** who is capable to take crop production operation in Nizhny Novgorod region to the next level!

Area of responsibility:

- Managing the Crop Production team in Nizhny Novgorod region – more than 50 people in different locations.
- Planning the production flow – plans for seeding, harvesting, fertilizing, melioration etc.
- Startup of the new lands in NN region (plan for 2020 – 16 000 ha).
- Big focus on the machinery and technics.
- Close collaboration with Pig production and Service departments.

Required skills, education and experience:

- Bachelor or Master's degree in agriculture.
- 5-7 years of experience as Senior Crop manager, Chief mechanic (agriculture). Experience in optimizing production and processes.
- Good understanding of modern agricultural machinery and technics.
- Independence, systematicity, ability to make decisions and take responsibility, self-management, broad-mindedness.
- Assumes responsibility for projects and staff; takes initiative and works independently; initiates and develops activities and introduces changes in the work process.
- Languages: English - fluent, Russian – will be your benefit.

Compensation package:

- Official employment according Russian Labor code, reporting to Crop Production Director. We will take care of all needed labor documents.
- Working place – **Nizhny Novgorod, Russia.**
- Accommodation and corporate car.
- Salary level will be discussed with successful candidate.
- KPI system depends on performance.
- Many interesting and inspiring job tasks, possibility to grow together with one of the fast developing agricultural companies in Russia.
