

Production Manager for 18,000 sows, Romania

We are looking for an experienced Production Manager. You will be part of the team, responsible for leading and optimizing a production based on 18,000 sows.

You have experience as a manager of a Danish and/or international pig production, with proven good results. You are team-oriented, and you like to go the extra mile and lead the way towards the best production results.

Your areas of responsibility will be:

- Management and optimization of production for assigned sites.
- Lead in close collaboration with farm managers and team leaders.
- Preparation and implementation of improvement action plans.
- Analysis and adjustments that ensure increased efficiency and results.
- Cooperation with other departments in the company (biosecurity, sales, etc.)

You report to the CPO of the company.

You work in a structured way and you can handle several balls in the air without losing focus.

You are open-minded and have excellent communication skills. You speak and write English and have knowledge of Cloudfarm and Microsoft Office.

You are offered an exciting and attractive position, where the salary reflects your skills. The company provides housing and car.

Should you be interested in the position, please send your CV with relevant data, and call/write if you have any questions about the position.
